

source | sense

The Source Sense Curbside Pickup Alert System by Source Inc installs quickly and enhances your curbside process. Using wireless parking sensors the system can immediately notify employees that a customer has arrived for curbside service and in what parking space. All while allowing your employees to remain handsfree by receiving the notification on a wearable or mobile device. By streamlining and automating this process, it eliminates the need for redundant calls into the main number to notify an employee that someone has arrived, and improves your curbside customer experience.

- ✓ Immediate Notification
- ✓ Exact Parking Spot
- ✓ Enhanced Customer Experience
- ✓ Easily Installs
- ✓ Mobile Alerts
- ✓ Improved Response Time

Source Sense is a powerful platform with a single pane of glass. It enables you infinite plug-and-play IoT solutions.
