source | sense

Source Sense is the perfect technology companion in manufacturing. With monitoring and alerting automation, Source Sense can be your central component to leverage information to improve worker safety, security, facility maintenance, electrical motor monitoring, asset tracking, and building automation outcomes by helping gather information and alert you to items needing immediate action.

Source Sense is a powerful platform with a single pane of glass. It enables you infinite plug-and-play IoT solutions.
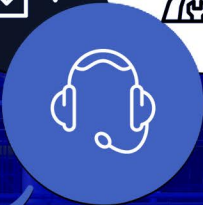

- ✓ Panic Button
- ✓ Gas/Enviromental Monitoring
- ✓ Electrical Motor Monitoring
- ✓ Waste/Tank Bin Level Sensing
- ✓ 3 Phase Electrical Monitoring
- ✓ Building Automation

Cost Effective
